NEW TEAM

State President, State Secretary and Team 2021-22 took charge of IMA Kerala State Branch on 21.11.2021. IMA leaders from all over Kerala attended the meeting and also addressed the Staff Meeting. The leaders wished the new team and also assured their unstinted support.

President's Column.....

Immediate Past State President Dr. P.T. Zacharia, Minister of Health and Family Welfare Smt. Veena George, National President of IMA Dr. J. Jayalal, State Health Secretary Dr. Rajan Khobragade, National President elect Dr. Sahajanand Singh, Director of AKN Sinha Institute Dr. Muhammed Rasheed, Past National President Dr. Vijayakumar, Dr. A. Marthanda Pillai, National Vice President elect Dr. Joseph Mani, Past National Vice Presidents, Past State Presidents, Leaders of sister organisations, Senior Colleagues, Invited Guests, Media Persons, Ladies and Gentle men.

It is my pleasure to welcome you all to the 64th State Conference of IMA Kerala State Branch. I am most humbled and grateful to you all, for electing me unanimously to the coveted chair of State President, IMA Kerala State Branch. I do promise that I, along with my team of office bearers, will try our level best to do justice to the confidence you have reposed in us. I also take this opportunity to congratulate the team led by Dr. P. T. Zacharia as the State President for the excellent work done during their tenure.

Indian Medical Association formed in 1928 as a small organization has grown as the largest professional organization in the world, with more than 4.5 lakhs members spread all over the country. This organization has a great legacy with many of its leaders having had participated in the freedom struggle of this country. We take pride in non discrimination among members based on religion, caste, creed, sex, geographic location or political belief. The members of this organization are committed to the profession and the society. Members of this professional organization include those working in government, private, teaching and insurance sectors. IMA Kerala State branch, which came in to existence in 1957 is now one of the most vibrant branches of Indian Medical Association with its head quarters at Trivandrum. The branch through the committed continuous leadership by many great leaders, now holds its head high with many of its excellent schemes and projects for the betterment and protection of its members, their families and

the society. The prestigious Periyar house at Aluva is another unique achievement of State IMA. IMA houses built across the State by branches give strength and pride to the organization.

The edifice of IMA stands on its four strongly built pillars.

The **first pillar** is the professional and association activities by members across the State. The three tier system of Kerala State IMA with 108 local branches and 14 district committees, is committed to protect the interests of the profession and society.

The **second pillar** is the academic pillar with two wings, the College of General Practitioners and Academy of Medical Specialities. Medical science is subjected to continuous and constant updates as per current scientific knowledge. All members of IMA are expected to update their knowledge through the branch chapters of these academic bodies. Also the Research and Analysis wing of IMA is giving strength to the scientific cult of the organization.

The **third pillar** is important by its commitment to social services. IMA is doing a lot of social activities to the community through its various wings and programmes. IMA Goes Ecofriendly (IMAGE) is an outstanding commitment of IMA Kerala State to the society and is the project which is responsible for disposal of Biomedical wastes generated through out Kerala. Committee on Child Health, IMA End TB project, Committee for Organ donation, Care of Elderly, IMA AIDS Cell, Tribal and Coastal Welfare Committee, Food Safety Initiative, Trauma Rescue initiative, Patient Care Scheme, IMA Palliative care Project, IMA Initiative for Safe Sound, Blindness Control Project, Mental Health Project, Basic and Advanced life support training initiative, IMA movement against Quackery are some of the social programmes of IMA. Also IMA runs State of the art and licensed Blood banks through various branches in different places.

The **fourth pillar** is for helping the members and supporting their families through various schemes of IMA. The Professional Protection Scheme provides legal aid to members in medico legal issues. Social Security Schemes provide support to member's family following an unexpected eventuality and IMA Health Scheme provide support to members and their family for treatment of any ailment. IMA Pension Scheme provides scope for pension to the members and IMA Professional Disability Support Scheme is for supporting members developing Temporary or Permanent disability. Professional Equipment Protection Scheme and Hospital Board of India are other projects to provide support to members and hospitals. IMA is committed to science and works in tandem with the Government but our continuous strong demands for allocation of minimum 5% GDP for health sector, safe drinking water for all, pollution free environment measures to prevent Road Traffic Accidents and Social Security Programmes for Doctors are all yet to be fulfilled. Also staff pattern in Government hospitals needs updation depending on present needs, in the sector.

One Health: IMA endorses the concept of 'One Health'. Human beings, Animals and all living creatures of universe should Co- exist. This environmental friendly attitudes will help us a lot in preventing many diseases. Recognising the interconnections between people, animals, plants and their shared environment is needed for the future existence of human life.

Fight against COVID- 19 Pandemic: IMA and its members are in the forefront of the fight against Covid 19. We have lost 748 doctors during the 1st wave of the pandemic and more than 1400 doctors during the 2nd wave in this fight in our country. Kerala lost 32 doctors in this war. Such massive casualties are rare even during war but we are still in the forefront of this war against the pandemic. All doctors are asked to take self protective measures and treat patients in these most difficult times. All hospitals both in government and private sectors treat Covid – 19 patients. Awareness programmes for doctors and general public regarding Covid - 19 are conducted by IMA through visual and print media. IMA provides all support to the government in vaccinating maximum number of people in minimum time possible.

Attack against Doctors and Hospitals: One of the major challenges that we face even during the difficult times of pandemic is attack against doctors, health care providers and hospitals. Often brutal attacks are made even against leading senior doctors including lady doctors. These attacks happen for no reason or trivial reasons and hospital equipments costing lakhs of rupees are destroyed. Many a times police take a cold half hearted step against these culprits and are given adequate time to take anticipatory bail. IMA cannot be a mute spectator to this unending brutality. An action plan to prevent attacks, and in case of an attack, immediate action plan to be followed also will be chalked out. All such cases will be followed up and these anti-socials will be made

Mixopathy: The Central Government is promoting low quality health care to the common people of our country, through their unscientific policies. Different systems of treatment having different basic principles are mixed together by legislation to promote mixopathy. But science can't be inclusive of everything. Science is research oriented and evidence based but mixopathy is unscientific and hence unacceptable. Mixing unscientific and pseudoscientific modalities of treatment with modern medical science will destroy the quality of health care system in our country. IMA will continue its fight against this unscientific and unacceptable policies.

National Medical Commission and Quackery: Medical Council of India, which was a democratic statutory body controlling the medical professionals, was allowing only MBBS graduates to prescribe and practice modern medical treatment. With the introduction of National Medical Commission, Government is allowing even people related to health care profession to prescribe and practice modern medicine as 'Community Health Providers'. IMA is totally against legalization of quackery and promotion of mixopathy.

Medical Education : Medical education in India is at cross roads and new syllabi with a clear intention to promote unscientific modes of treatment and mixing them with modern medical science in medical colleges is being introduced in our country. This is unprecedented, unscientific and unacceptable. Medical colleges should be centers of excellence and only medical science should be taught in these institutions. IMA believe that Medical pluralism and deviation from internationally accepted scientific modalities of treatment are not good for the people and intrusion in to the scientific domain of modern medical system by other unscientific systems will be opposed relentlessly. IMA will also make efforts for improving academic quality and infrastructure of medical institutions in our State. Our demand and efforts for a '**Monofaculty Medical University**' and '**Monofaculty Medical Council**' will be carried forward.

Clinical Establishment Act: CEA 2018 aims to improve the quality of health care but at the same time brings unwarranted Government control and inspection raj in health care institutions. IMA has no objection in the overall objectives of the Act but certain clauses in the act are detrimental to small and medium sized hospitals. These clauses should be amended before the law is implemented in the State or else many of the small and medium sized modern health care institutions, which are already struggling for existence, will be closed. Closure of these institutions which are the pillars of 'Kerala Health Model', will ultimately destroy our good health care model.

Consumer Protection Act-2019: New Consumer Protection Act 2019 has not included 'Health Care Services' in the ambit of the act. But since the Health Care Services are not excluded from the Act, many legal luminaries are of the

opinion that medical services is also included in the Act . We will legally fight this issue together with National IMA till Supreme court, to find a legal remedy for this issue.

Unemployment among Doctors: There is excess inflow of doctors in to our State from Medical Colleges inside and outside the State and also from outside the country. All these doctors can't be accommodated in the available health care facilities of the State. Hence unemployment among doctors is inevitable. The best available option for the issue of unemployment among professionals is self employment. IMA will act as a facilitator for self employment among doctors, especially young doctors in rural areas.

Insecurity of Jobs in Private Sectors: Employed doctors in private sectors feel insecurity of jobs. Doctors are terminated and salaries are reduced in many hospitals. We will try to find solutions for this also. Making legally valid mutually agreeable contracts with the employers can reduce the insecurity to an extent.

IMA will fight against all these evils in the best interest of its members and the profession.

Strengthening the Association: The area of prime concern will be to strengthen the association at various levels. Membership drive will be of prime concern and all weak branches will be under direct supervision of State IMA for strengthening its activities. Formation of more branches with new members will be promoted. Association will be strengthened more because only the strong voice of a strong organization will be heard at the corridors of power.

District Yathras and District Conventions will be undertaken to strengthen the organization and for personally meeting the members Women Doctors Wing will be encouraged and prompted to take up issues concerning women and children. Involvement of families in all branches for facilitating IMA activities will be encouraged and anaemia alleviation through Mission Pink Health will be promoted. All committees including cultural wing and sports committee will be made more popular.

Junior doctors and Medical students will be encouraged to come together, understand the issues faced by the profession and fight for their rights. Also IMA will demand for adequate payment of stipends for house surgeons and PGs.

IMA- UNICEF Partnership Programmes: Partnership programmes with UNICEF and IMA is reopened and will be continued for the health promotion of general public through health care providers and doctors. Various projects under this partnership will be taken up and carried forward. The project for Covid- 19 CME series for Doctors and Health care workers will be continued.

Research Ethics: Initiation to promote IMA as a 'Research Ethics Body' will be done. Once IMA is approved as a body to

give Ethical Sanction for Research, IMA will take up more research and research oriented studies especially on Covid-19 Pandemic.

IMAGE: IMA's Flag ship project of community activity, 'IMAGE' is challenged by business groups. IMA will go ahead with our social commitment for Biomedical Waste Disposal at minimum cost and will continue with efforts to start new projects in other parts of State also.

IMA Publications: IMA publication for the general public, 'Nammude Arogyam' is published every month with articles on health, written by doctors from various specialities. The Academic publication 'Kerala Medical Journal', is published for the benefit of members and is in the process of indexing, IMA News Letter gives information regarding various activities of IMA to the members.

Conclusion: I once again sincerely thank all the members of our professional organization for unanimously electing me as the President of IMA Kerala State Branch. Myself and my cabinet will be in the forefront of all activities. All the District Committees and 108 branches will work in tandem to strengthen the association and successfully face the challenges ahead. All our sister organizations and speciality organizations will be brought under one umbrella and together we will serve the public with dignity and dedication. Let me thank my family, my wife Dr. Rekha Samuel, Daughter Mrs. Saira Sara Sam and Son Dr. Koshy. T. Sam for giving me all support and stand with me during the last 28 year of my IMA activities.

Let me conclude with words of Simon Sinek, a contemporary British Orator.

'A TEAM IS NOT A GROUP OF PEOPLE WHO WORK TOGETHER. IT IS A GROUP WHO TRUST EACH OTHER'

Friends and colleagues it is this trust that I crave from each and every one of you. Together We Can, separate we fall.

Thank You,
Jai IMA, Jai Hind

Dr. Samuel Koshy
State President, IMA Kerala

From the Editor's Desk

Dear Colleagues

Greetings from IMA Kerala State Branch!!

Let me express my deepest gratitude to each and every member of IMA Kerala State Branch for the confidence reposed in me by electing me to the coveted post of the Hon. Secretary of this prestigious association. I would request your support as I tread the path of my illustrious predecessors. My salutations to all the Senior leaders who have guided and mentored me over the years.

May I assure you as your Secretary, I will not be found wanting in the discharge of my duties to the association and our members. I deem it on myself to be at the service of each one of you. The needs of the medical fraternity and our profession will always be my priority. Together we will strive to strengthen our unity and build a formidable association.

The strength of any association is its members. This year the focus will be at the grass root level, i.e members and branches. Membership drive will be given great thrust this year. The President has set the goal of elevating IMA KSB to the numero uno position in membership in the country, by a membership increase to 50000 members. The benefits that the association offers its members is through the various schemes. From the word go, scheme meetings were being conducted to pep up membership with a targeted increase of 30%. The year is going to be very hectic in our attempt to achieve the goals set forth. I call upon all our members to Stay Committed to our cause.

The Indian Medical Association thrives on scientific principles. It is our bounden duty to uphold scientific principles and to inculcate scientific thought process into mainstream community. Our profession is faced with unending challenges from all quarters and our unity is the need of the hour to thwart away the dangers faced by modern medicine.

The IMA Newsletter will remain a monthly publication. It is a platform for the branches to publish their activities of the month. I am happy to note that this issue has activities of 66 branches with special mention of Kannur and Malappuram districts where all the branches have reported their activities. I appreciate the efforts put in by the respective District Committees. All efforts will be taken by the state office to have all branches represented in the subsequent months. I solicit the cooperation of the branch and district leaders to achieve complete representation.

The pandemic is still raging in our midst. **Let us Stay Safe, Stay Healthy.**

Dr. Joseph Benaven

Hon. State Secretary, IMA Kerala

64th Annual State Conference

The State Annual Conference was held at IMA Periyar House, Aluva on 13th & 14th November 2021. The Conference was amazing in terms of participation and involvement.

On 13th, the State Council Meeting presided over by the State President Dr. P. T. Zacharias. In the evening Memorial Service was presented to pay IMA's rich tribute to the departed souls of IMA leaders from all over Kerala. It was indeed spectacular and heart touching. There after a cultural event was presented by IMA members.

The Annual Conference on 14th, inaugurated by the State Health Minister Smt. Veena George. Past National President Dr Rajan Sharma was the Chief Guest and he installed the new State President. Thereafter, Cabinet members including the State Secretary Dr. Joseph Benaven sworn in as Cabinet members.

Dr. Samuel Koshy, in his presidential address expressed all his vision, mission and dedication for the next IMA year. That was whole heartedly welcomed by all the members cheerfully.

Decisions - 64th State Council Meeting

The 64th State Council took the following decisions:

- A white paper on health to be released assessing the disease prevalence of the whole year.
- White paper to be published on violence against doctors and attacks against hospitals and follow-up of the court cases.
- State Council entrusted State President to take appropriate decisions on the stand of IMA on Clinical Establishment Act.
- A resolution against giving Arsenic Album (Homoeo medicine) to children was passed in the State Council.
- The next Annual State Conference will be hosted by IMA Kunnamkulam.
- The recommendations are given by the Awards Committee to be looked into and implemented.

20.11.2021 & 28.11.2021: Conducted Weekly Medical check-up at Children's home.

ഞാനില്ലെങ്കിലും നിന്നോടൊപ്പം....

.കഴിഞ്ഞ ദിവസങ്ങളിൽ ഐ.എം.എ കോഴിക്കോട് ബ്രാഞ്ചിലെ കഴിഞ്ഞ കാലത്തിൽ മരണമടഞ്ഞവരുടെ വീടുകൾ സന്ദർശിക്കുകയുണ്ടായി. അവർ അംഗങ്ങളായുള്ള സ്കീമുകളിലുള്ള തുക തിരികെ കുടുംബക്കാർക്ക് നൽകുവാനുള്ള സന്ദർശനം ആയിരുന്നു അത്. ആ യാത്രയുടെ ചിത്രങ്ങൾ മനസ്സിൽ പതിഞ്ഞതിനാൽ ഇവിടെ പങ്കുവെയ്ക്കുന്നു.

ഉറ്റവരെ നഷ്ടപ്പെട്ടവരുടെ വീടുകൾ സന്ദർശിക്കുന്നതു എപ്പോഴും വേദനാജനകമാണ്. ഭർത്താവിനെ നഷ്ടപ്പെട്ട ഭാര്യ, മകനെ നഷ്ടപ്പെട്ട അമ്മ, അച്ഛനെ ഇനി കാണാൻ കഴിയില്ല എന്ന സത്യം ഉൾക്കൊള്ളാൻ കഴിയാത്ത കുട്ടികൾ. കണ്ണുകളിൽ നിന്നും കണ്ണുനീർ തുള്ളികൾ വീഴുന്നതു മറയ്ക്കാൻ ശ്രമിച്ചിട്ടും സാധിക്കാത്ത കുടുംബാംഗങ്ങൾ. വാക്കുകളേക്കാളേറെ മൗനം വാചാലമാകുന്ന നിമിഷങ്ങൾ. ജീവിതത്തിന്റെ ഏറിയ പങ്കും പുസ്തകങ്ങൾക്കൊപ്പവും രോഗികളുടേയും കൂടെ കഴിഞ്ഞവർ, കുടുംബാംഗങ്ങളുമായി സമയം ചിലവഴിക്കാൻ സാധിക്കാത്തവർ. അങ്ങനെ ഉള്ളവരുടെ കുടുംബാംഗങ്ങളെ സമാധാനിപ്പിക്കാൻ ബുദ്ധിമുട്ടാണ്. കഴിവതും ഇത്തരം സാഹചര്യങ്ങൾ ഞാൻ ഒഴിവാക്കാനാണ് പതിവ്.

എന്നാൽ ഇത് അസോസിയേഷൻ സെക്രട്ടറി എന്ന നിലയിൽ സ്കീമുകളുടെ ചെക്കുകൾ നേരിട്ട് ഏൽപ്പിക്കേണ്ട ഉത്തരവാദിത്വം ആണ്. ആ കടമ ഞാൻ നിറവേറ്റിയെ മതിയാകൂ. ചുരുങ്ങിയ സമയത്തിനുള്ളിൽ അതു നിറവേറ്റി പുറത്തുകടന്നു. മരണം കഴിഞ്ഞ് എത്ര ദിനമായാലും തങ്ങളുടെ പ്രിയപ്പെട്ടവർ മരണപ്പെട്ടിട്ട് അവരുടെ പേരിലുള്ള തുക ഏറ്റുവാങ്ങുമ്പോൾ അതിനു വെറും പൈസയുടെ മൂല്യം മാത്രം അല്ല, ആ കുടുംബത്തിനായി മരണ ശേഷവും തേടി വരുന്ന മരണപ്പെട്ടവരുടെ കരുതലും, സ്നേഹവും, ആർദ്രതയും എല്ലാം ഉണ്ട്.

ഡോ. ശജീർ മഹാദേവൻ
സെക്രട്ടറി
ഐ. എം. എ കോഴിക്കോട്

തിരിച്ച് പടികൾ ഇറങ്ങുമ്പോൾ ഞാൻ ആലോചിച്ചു, നാളെ എന്റെ സ്ഥിതി എന്താണ്? മരണം ഒരു നിഴല് പോലെ നമുക്ക് എല്ലാവരുടെയും ചുറ്റും ഉണ്ട്. ഒരു നാൾ നമ്മളും ഒരു ചിതയിൽ വെന്ന് വെണ്ണീറാകും. എന്റെ കുടുംബത്തിനു കരുതലായി ഞാൻ ഒരുക്കി വെച്ചതു ഈ സ്കീമുകൾ മാത്രമാണ്. മരണമടയുമ്പോൾ ഐ.എം.എ യുടെ പേരിൽ ഒരു റീത്തും പിന്നെ ദിവസങ്ങൾക്കുള്ളിൽ വരുന്ന ഈ ചെക്കും. എന്റെ കുടുംബത്തിനായി, എന്റെ അഭാവത്തിൽ, എനിക്ക് ചെയ്യാൻ സാധ്യമായത് ഈ സ്കീമുകളിൽ എല്ലാം അംഗമാവുക എന്നതാണ്. അത് ഞാൻ ചെയ്തിട്ടുണ്ട്. എസ്. എസ്. വണ്ണിൽ വർഷങ്ങൾക്ക് മുന്നേ ചേർന്നതിനാൽ ഇന്നു ഞാൻ ഒരു ലൈഫ് മെമ്പറാണ്. എസ് എസ് 2 വിലും 3 യിലും എല്ലാം ഞാനുണ്ട്. അംഗങ്ങൾക്ക് വേണ്ടി ഇത്രയും സ്കീമുകളും സുരക്ഷിതത്വവും നൽകുന്ന മറ്റൊരു സംഘടന ഉണ്ടോ എന്ന് എനിക്ക് സംശയമാണ്. നമ്മുടെ fraternity contribution മൂലം മരണമടഞ്ഞവരുടെ കുടുംബാംഗങ്ങൾക്ക് ഒരു സംഖ്യ ലഭിക്കുന്നു. അതുപോലെ നമ്മുടെ മരണശേഷം ഇനി പുതുതായി വരുന്ന അംഗങ്ങൾ നൽകുന്ന തുകയിലൂടെ എന്റെയും എന്നെ പോലുള്ളവരുടെയും കുടുംബാംഗങ്ങൾക്ക് പണം ലഭിക്കുന്നു. ഐ.എം.എ എന്ന സംഘടന അതിന്റെ അംഗങ്ങൾക്കായി ചെയ്യുന്ന ഏറ്റവും മഹത്തായ പ്രവൃത്തി. ഈ അടുത്ത കാലത്ത്

PDSS അഥവാ Disability scheme ലും ചേർന്നു. കേരള ഹെൽത്ത് സ്കീമിൽ മൂന്നേ തന്നെ അംഗമാണ്. പലരും ഇതിനെ ഹെൽത്ത് ഇൻഷുറൻസുമായി താരതമ്യം ചെയ്യുന്നതു കണ്ടിട്ടുണ്ട്. എന്നാൽ അവിചാരി തമായി ഉണ്ടാകുന്ന ആശുപത്രി വാസത്തിനു ഒരു കൈതാങ്ങായി സഹായം നൽകുന്ന വേറെ ഏതൊരു പദ്ധതി ഉണ്ട്? RTA, സിസേറിയൻ തുടങ്ങിയവയ്ക്കും ഇപ്പോൾ ഇതു കിട്ടുന്നുണ്ട്. എല്ലാറ്റിനും ഫോട്ടോസ്റ്റാറ്റ് കോപ്പികൾ മാത്രം ഹാജരാക്കിയാൽ മതി. പിന്നെയും ഉണ്ട് പെൻഷൻ സ്കീം, പ്രൊഫഷണൽ പ്രൊട്ടക്ഷൻ സ്കീം തുടങ്ങിയവ.

ചെറുപ്പക്കാരായ ഡോക്ടർമാർ പലരും രോഗബാധിതരാവുകയും മരണപ്പെടുകയും ചെയ്യുന്നതു കണ്ടിട്ടുണ്ട്. പലരും ഇത്തരം സ്കീമുകളിൽ അംഗമാവാതിരിക്കാറുണ്ട്, തങ്ങൾക്ക് അപകടങ്ങൾ ഉണ്ടാകില്ല എന്ന് തന്നെയാണ് മിക്കവരുടെയും ചിന്താഗതി. ക്ഷണിക്കപ്പെടാതെ വരുന്ന അതിഥിയാണ് മരണം എന്നതു നമ്മളിൽ പലരും മനസ്സിലാക്കുന്നില്ല. ഈ സ്കീമുകളുടെ പ്രചാരണത്തിനായി എഴുതിയ ഒരു കുറിപ്പല്ല ഇത്, മറിച്ച് ഇതു വായിച്ച് ഒരാളെങ്കിലും ഈ സ്കീമുകളിൽ ചേർന്നാൽ ഞാൻ കൃതാർത്ഥനായി, ധന്യനായി. ഇത്തരം ആളുകളുടെ അവസ്ഥ നേരിട്ട് കണ്ട് മനസ്സിലാക്കിയ ഒരു വ്യക്തിയുടെ അനുഭവക്കുറിപ്പായി എടുത്താൽ മതി. മരണ

വീടുകൾ സന്ദർശിക്കുമ്പോൾ ഉള്ള ഒരു മുകത ഉണ്ടല്ലോ, അപ്പോൾ അവിടെ ആ ആത്മാവ് തുടിക്കുന്നുണ്ടാവും നമ്മോട് മന്ത്രിക്കുന്നുണ്ടാവും ആ ചലനമറ്റ ശരീരം നമ്മെ നോക്കി 'ഇവരുടെ ഭാവി സുരക്ഷിതമാണല്ലോ' എന്ന അർത്ഥത്തിൽ സമാധാനമായി ഉറങ്ങുന്നുണ്ടാവും അവസാനത്തെ ഉറക്കം
