Dr. Samuel Koshy
State President, IMA Kerala

Dr. Joseph Benaven
State Secretary, IMA Kerala

Thank You Note...

Dr. Samuel Koshy
President, IMA KSB

Dr. Joseph Benaven
Secretary, IMA KSB

We thank you all for giving us an opportunity to serve the Indian Medical Association Kerala State Branch as its President and Secretary for the last one year. During our tenure, our team tried to serve the association with utmost sincerity and dedication. After one year, when we step down from office, we feel happy and satisfied. A feeling of being with you all in our fight to safeguard the professional dignity and integrity. From the very beginning we started functioning as a team and all our activities were target based. The primary aim was to strengthen all the four pillars of the association and to address the major issues faced by the profession as promised in the acceptance speech.

As part of strengthening the association, we visited all the 108 branches through the 'THARANGAM' Yathra and directly addressed more than 6500 of our members. This was made possible by the cooperation and support we received from all the branch

officials and District Committees and we thank them for this achievement. Again through the sincere efforts of the District Committees, District Conventions were held in all 14 districts with the participation of political leaders, media persons, police officials and other opinion makers. The main aim of these conventions was to have interactions with the public regarding major issues faced by the profession, especially violence against Doctors and Hospitals. We were able to visit 30 Medical Colleges and interact with the principals, staff and more than 1800 students. A consortium with the Private Hospital Owners Associations was formed at the state level to address the many issues faced by doctors and the profession in the private sector. We had several rounds of meetings with them at the state and district levels. This year we were able to add 5310 new life members to the association, which is a record of the highest ever enrolment in a year. State level sports

meet was yet another achievement to attract young doctors. With the aim of bringing young doctors to the forefront a 'Young Doctors Conclave' with leadership training programmes was conducted. MSN State Meet with the participation of medical college student leaders was also held this year to strengthen these wings. All these activities are historic for our association.

Our Second most important pillar, 'the Schemes' did well to support our members and their family. All our Schemes were strengthened and PDSS was made functional. Dream target of 1 crore rupees to bereaved family of a member through Social Security Schemes was achieved. Disability benefit to disabled members from the PDSS and permanently disabled members of Social Security Schemes also became possible this year. Professional Protection Scheme took the additional responsibility of providing legal support to victims of violence in hospitals. Pension Scheme and Health Scheme were made more attractive through byelaw amendments. IMAGE acquired 3 acres of land at Adoor KINFRA to start our next project. We got permission for 'Consent to Establish' and EIA study for the project is on. All our Schemes and Projects performed exceptionally well.

Regarding our 3rd pillar, 'the Academic Wings', both Academy of Medical Specialities and College of General Practitioners, did wonderfully well in imparting current academic knowledge to our members. Kerala State AMS was declared the Best State Branch by National IMA and Madhya Kerala and Thalassery Branches were adjudged the best AMS local branches. National South Zone Conference of IMA CGP was hosted by Thrissur in the best way possible. All the

three Zonal and State conferences of AMS and CGP were well organised.

All our committees functioned very well and our 'Social Service' committees conducted many Service Activities to strengthen our fourth pillar. Our ELS team gave training in Emergency Life Support to thousands of medical, paramedical, general public and students throughout the State. 31 hospitals in our state were declared as 'IMA Age Friendly Hospital' by the sincere efforts of 'Care of Elderly' wing. Our HIV/AIDS cell conducted CMEs in all the Districts and is working among transgenders also. 'Mental Health Committee', 'Women Doctors Wing', 'Adolescent and Child Welfare Committee' and 'Mission Pink Health' are together working against the menace of Drug Abuse among Students. Epidemic Control Cell has conducted various health awareness programmes for the general public. The legal advisory committee helped to conduct state level and district level legal awareness programmes with the help of forensic experts and retired judges.

Major issues facing the Profession were addressed in the best way possible. We tried to address the major issue of 'Attack against Doctors and Hospitals' from different angles; strengthening and creating awareness among members, demand for 'Safe Zone' status for hospitals, publishing the protocols to be adopted for preventing attacks and measures to be adopted when an attack happens, lobbying with political parties and 52 legislators including 12 ministers, interactions with police officials including DIG, seeking legal remedies from the judiciary which is still pending before the Division Bench of the Kerala High Court, concerted attempts to amend the 'Hospital

Protection Act', the draft of which is being made, and protests and various strikes organised are all part of our sincere efforts to find solutions to this decades old menace.

Efforts were made to create conducive atmosphere for small and medium hospitals. 'Amendments to clauses in the Clinical Establishment Act' which are detrimental to small and medium sized hospitals were sought. The Government has in principle agreed for the same and talks are on to modify these clauses. We have also sought legal remedy for the same.

'Myxopathy' was objected tooth and nail. Talks were held with the Chief Minister and Health Minister and problems of Myxopathy were discussed with almost all political leaders. All including the government have agreed on the need to ensure quality healthcare delivery in our state and assured that Bridge courses will not be encouraged.

Other major issues including unemployment among young doctors and insecurity of jobs in private sectors were also taken up with the government and discussions are still on with Consortium of various Private Hospital Owners Associations.

Another major issue regarding inclusion of Doctors under the ambit of the Consumer Protection Act was fought legally in the best way possible engaging senior counsel, the renowned Adv. Mukul Rohatgi and we are still in the process of seeking other legal options also.

All issues including Charak Spath, Ukraine students' issue, NMC RMP regulations, dog bite issue, Drugs Prosthesis and Cosmetics Draft Bill, Kerala Public Health Bill etc. were taken up at appropriate

times and strong opinions were given to appropriate bodies.

It is our privilege to thank each and every member of our team who worked really hard to make this year fruitful. If anything is achieved during our tenure, it is due to the dedicated and sincere work rendered by our team including the branch office bearers. Our District Committee officials were at their best and special thanks and appreciations to each one of them. Our Scheme officials, Projects, Wings and Committee officials, Past Presidents and senior leaders were all of immense help to us. Our sincere gratitude and thanks to our Cabinet colleagues who worked so hard and stood together without a word of dissent. As I have quoted in my acceptance speech 'Our team was not a group of people who just worked together but a group of people who trusted each other'. All achievements during the year are the result of the hard work done by our team. As a President, I accept all criticisms and owe the failures that might have happened during our tenure.

Now it is time to pass on the baton to the next team. We are happy that the next team is an efficient and handpicked one under the leadership of Dr. Sulphi Nuhu and we are happy to hand over this mantle to Dr Sulphi. Next team is efficient and experienced and we are confident that they will lead us to greater heights.

Once again thanking each and every one who stood like pillars in the thick and thin of our activities and thanking our whole team from the bottom of our hearts, let us conclude.

64th Annual State Conference

The State Annual Conference was held at IMA Periyar House, Aluva on 13th & 14th November 2021. The Conference was amazing in terms of participation and involvement.

On 13th, the State Council Meeting presided over by the State President Dr. P. T Zacharias. In the evening Memorial Service was presented to pay IMA's rich tribute to the departed souls of IMA leaders from all over Kerala. It was indeed spectacular and heart touching. There after a cultural event was presented by IMA members.

The Annual Conference on 14th, inaugurated by the State Health Minister Smt. Veena George. Past National President Dr Rajan Sharma was the Chief Guest and he installed the new State President. Thereafter, Cabinet members including the State Secretary Dr. Joseph Benaven sworn in as Cabinet members.

Dr. Samuel Koshy, in his presidential address expressed all his vision, mission and dedication for the next IMA year. That was whole heartedly welcomed by all the members cheerfully.
